### **READ AND RETURN FACILITY**

*'I always imagine paradise will be a kind of library.'*  
Jorge Luis Borges

'A kind of library,' has been established in RUYC by Joy Hamilton - you may have seen the book shelves on the right hand wall outside the Ladies Room door. These books are organised in alphabetical order, according to the writers, with a small Reference section on the bottom shelf.

You may read and return any book, add a book you no longer want to keep or if you really want to own the book you borrow we would be grateful if you would place a donation in the RNLI box on the bottom shelf.

If you have any suggestions or questions about this facility please contact:
